Low Lift Pallet Jack

C O U R S E O U T L I N E :

The course provides participants a general understanding of the safe and efficient **operation** of a Low Lift Pallet Jack, to help companies comply with OHSA regulations.

Low Lift Pallet Jack certification will teach participants / employees how to identify specific health and safety hazards in the workplace associated with operating a Low Lift Pallet Jack.

Our instructors can conduct the training at your location in order to customize the course to your facilities environment and safety issues.

All training is done in full compliance of government standards including theory and practical training.

Classroom Training: (1 Hour)

- I. Introduction ~ why the need for proper training
- II. Basic Principles of a Forklift
- III. Importance of a Pre-Operational Check
- IV. Safe Operating Procedures

Practical Training: 1 hour (approx)

MINIMUM REQUIREMENTS: none
